Don't optimize for conversions, optimize for revenue.

~Neil Patel

Sometimes when you follow your dream; it opens the door for others to be able to follow theirs.

~Neil Patel

Create content that teaches. You can't give up. You need to be consistently awesome.

~Neil Patel

SEO is a race, not a sprint.

~Neil Patel

Don't look back and ask, Why? Look ahead and ask, Why not?

~Neil Patel

It's not about the amount of time you devote but rather what you devote to that time that counts.

~Neil Patel

Knowing how to distinguish between an ideal keyword and the reality of queries will help you to refine your strategy and success as an online marketer.

~Neil Patel

Create a minimal viable product or website, launch it, and get feedback.

~Neil Patel

If you are trying to grow your qualified search traffic, you have to combine your content marketing with your SEO efforts.

~Neil Patel

You can't just place a few "Buy" buttons on your website and expect your visitors to buy.

~Neil Patel

If you want to continually grow your blog, you need to learn to blog on a consistent basis.

~Neil Patel

Often times in order to capture your dreams, it will require you to chase your fears.

~Neil Patel

The key with blogging is to lay it all out there because sooner or later people are going to know what you know, so might as well be the first one to share the information and get credit for it.

~Neil Patel

To LOVE without condition, to SMILE without reason, and to SERVE without end... THIS is achievement

~Neil Patel

Don't try to plan everything out to the very last detail. I'm a big believer in just getting it out there: create a minimal viable product or website, launch it, and get feedback.

~Neil Patel

Winning provides happiness. Losing provides wisdom.
