

Nikola Tesla

Quotes

*Men, Inspirational, Ideas, Thinking, Mean, Science, Brain, Mind, Energy, Years,
Law, May, Space, World, Life, Effort, Views, Giving, Ignorance, Discovery*

If you want to find the secrets of the universe, think in terms of energy, frequency and vibration.

~Nikola Tesla

Anti-social behavior is a trait of intelligence in a world full of conformists.

~Nikola Tesla

Be alone, that is the secret of invention; be alone, that is when ideas are born.

~Nikola Tesla

I don't care that they stole my idea . . . I care that they don't have any of their own

~Nikola Tesla

My brain is only a receiver, in the Universe there is a core from which we obtain knowledge, strength and inspiration. I have not penetrated into the secrets of this core, but I know that it exists.

~Nikola Tesla

It will soon be possible to transmit wireless messages around the world so simply that any individual can carry and operate his own apparatus.

~Nikola Tesla

The gift of mental power comes from God, Divine Being, and if we concentrate our minds on that truth, we become in tune with this great power. My Mother had taught me to seek all truth in the Bible.

~Nikola Tesla

If your hate could be turned into electricity, it would light up the whole world.

~Nikola Tesla

If you only knew the magnificence of the 3, 6 and 9, then you would have the key to the universe.

~Nikola Tesla

In a crystal we have clear evidence of the existence of a formative life principle, and though we cannot understand the life of a crystal, it is nonetheless a living being

~Nikola Tesla

To know each other we must reach beyond the sphere of our sense perceptions.

~Nikola Tesla

I could only achieve success in my life through self-discipline, and I applied it until my wish and my will became one.

~Nikola Tesla

The day science begins to study non-physical phenomena, it will make more progress in one decade than in all the previous centuries of its existence.

~Nikola Tesla

Though free to think and act, we are held together, like the stars in the firmament, with ties inseparable. These ties cannot be seen, but we can feel them.

~Nikola Tesla

Science is but a perversion of itself unless it has as its ultimate goal the betterment of humanity.

~Nikola Tesla

What one man calls God, another calls the laws of physics.

~Nikola Tesla

Our entire biological system, the brain, and the Earth itself, work on the same frequencies.

~Nikola Tesla

When wireless is fully applied the earth will be converted into a huge brain, capable of response in every one of its parts.

~Nikola Tesla

The opinion of the world does not affect me. I have placed as the real values in my life what follows when I am dead.

~Nikola Tesla

My wireless transmitter does not use Hertzian waves, which are a grievous myth, but sound waves in the aether.

~Nikola Tesla

Throughout the infinite, the forces are in a perfect balance, and hence the energy of a single thought may determine the motion of a universe.

~Nikola Tesla

Peace can only come as a natural consequence of universal enlightenment.

~Nikola Tesla

Of all the frictional resistances, the one that most retards human movement is ignorance.

~Nikola Tesla

It's not the love you make. It's the love you give.

~Nikola Tesla

Today's scientists have substituted mathematics for experiments, and they wander off through equation after equation, and eventually build a structure which has no relation to reality.

~Nikola Tesla

No free energy device will ever be allowed to reach the market.

~Nikola Tesla

Electric power is everywhere present in unlimited quantities and can drive the world's machinery without the need of coal, oil, gas, or any other of the common fuels.

~Nikola Tesla

I do not think you can name many great inventions that have been made by married men.

~Nikola Tesla

The desire that guides me in all I do is the desire to harness the forces of nature to the service of mankind.

~Nikola Tesla

The Buddhist expresses it in one way, the Christian in another, but both say the same: We are all one.

~Nikola Tesla

Man, like the universe, is a machine. Nothing enters our minds or determines our actions which is not directly or indirectly a response to stimuli beating upon our sense organs from without.

~Nikola Tesla

Invention is the most important product of man's creative brain. The ultimate purpose is the complete mastery of mind over the material world, the harnessing of human nature to human needs.

~Nikola Tesla

The scientists of today think deeply instead of clearly. One must be sane to think clearly, but one can think deeply and be quite insane.

~Nikola Tesla

A new idea must not be judged by its immediate results.

~Nikola Tesla

It is a simple feat of scientific electrical engineering â€” only expensive â€” blind, faint-hearted, doubting world.

~Nikola Tesla

I am trying to awake the energy contained in the air. These are the main sources of energy. What is considered as empty space is just a manifestation of matter that is not awakened.

~Nikola Tesla

We all make mistakes, and it is better to make them before we begin.

~Nikola Tesla

All that was great in the past was ridiculed, condemned, combated, suppressed â€” only to emerge all the more powerfully, all the more triumphantly from the struggle.

~Nikola Tesla

I am even grateful to Einstein and others because through their erroneous theories they lead mankind away from that dangerous path I followed.

~Nikola Tesla

Our senses enable us to perceive only a minute portion of the outside world.

~Nikola Tesla

Woman will ignore precedent and startle civilization with their progress.

~Nikola Tesla

Our virtues and our failings are inseparable, like force and matter. When they separate, man is no more.

~Nikola Tesla

Money does not represent such a value as men have placed upon it. All my money has been invested into experiments with which I have made new discoveries enabling mankind to have a little easier life.

~Nikola Tesla

Let the future tell the truth and evaluate each one according to his work and accomplishments. The present is theirs; the future, for which I really worked, is mine.

~Nikola Tesla

There is no energy in matter other than that received from the environment

~Nikola Tesla

The beauty and the scent of roses can be used as a medicine and the sun rays as a food.

~Nikola Tesla

All matter comes from a primary substance, the luminiferous ether

~Nikola Tesla

You may live to see man-made horrors beyond your comprehension.

~Nikola Tesla

In the twenty-first century, the robot will take the place which slave labor occupied in ancient civilization.

~Nikola Tesla

It is a mere question of time when men will succeed in attaching their machinery to the very wheelwork of nature.

~Nikola Tesla

Crystals are living beings at the beginning of creation.

~Nikola Tesla

So we find that the three possible solutions of the great problem of increasing human energy are answered by the three words: food, peace, work.

~Nikola Tesla

The idea came like a flash of lightning and in an instant the truth was revealed.

~Nikola Tesla

Every living being is an engine geared to the wheelwork of the universe. Though seemingly affected only by its immediate surrounding, the sphere of external influence extends to infinite distance.

~Nikola Tesla

Ere many generations pass, our machinery will be driven by a power obtainable at any point of the universe.

~Nikola Tesla

Love: I recognize the emotion for what it is, an irrational self-destructive impulse, which is disguised as joy.

~Nikola Tesla

We crave for new sensations but soon become indifferent to them. The wonders of yesterday are today common occurrences

~Nikola Tesla

So astounding are the facts in this connection, that it would seem as though the Creator, himself had electrically designed this planet.

~Nikola Tesla

My brain is only a receiver, in the Universe

~Nikola Tesla

Is nature a giant cat? If so, who strokes its back?

~Nikola Tesla

The individual is ephemeral, races and nations come and pass away, but man remains.

~Nikola Tesla

Every living being is an engine geared to the wheel-work of the universe.

~Nikola Tesla

When natural inclination develops into a passionate desire, one advances towards his goal in seven-league boots.

~Nikola Tesla

I predict that very shortly the old-fashioned incandescent lamp, having a filament heated to brightness by the passage of electric current through it, will entirely disappear.

~Nikola Tesla

To stop war by the perfection of engines of destruction alone, might consume centuries and centuries. Other means must be employed to hasten the end.

~Nikola Tesla

Originality thrives in seclusion free of outside influences

~Nikola Tesla

The future will show whether my foresight is as accurate now as it has

proved heretofore.

~Nikola Tesla

I have always been ahead of my time.

~Nikola Tesla

My belief is firm in a law of compensation. The true rewards are ever in proportion to the labour and sacrifices made.

~Nikola Tesla

Most certainly, some planets are not inhabited, but others are, and among these there must exist life under all conditions and phases of development.

~Nikola Tesla

The entire Earth will be converted into a huge brain

~Nikola Tesla

I have harnessed the cosmic rays and caused them to operate a motive device.

~Nikola Tesla

The spread of civilisation may be likened to a fire; first, a feeble spark, next a flickering flame, then a mighty blaze, ever increasing in speed and power.

~Nikola Tesla

My Mother had taught me to seek all truth in the Bible.

~Nikola Tesla

But I hope that it will also be demonstrated soon that in my experiments in the West I was not merely beholding a vision, but had caught sight of a great and profound truth.

~Nikola Tesla

All peoples everywhere should have free energy sources.

~Nikola Tesla

Perhaps I failed, but I did my best, These masters of mine may do the rest.

~Nikola Tesla

The progressive development of man [has as its] ultimate purpose the complete mastery of mind over the material world.

~Nikola Tesla

The present is theirs; the future, for which I really worked, is mine.

~Nikola Tesla

Great moments are born great opportunity.

~Nikola Tesla

Of all things I liked books best.

~Nikola Tesla

The last 29 days of the month are the toughest!

~Nikola Tesla

Nature may reach the same result in many ways.

~Nikola Tesla

If Mr. Edison had thought smarter he wouldn't sweat as much.

~Nikola Tesla

Marconi is a good fellow. Let him continue. He is using seventeen of my patents.

~Nikola Tesla

A century from now it will no more occur to a normal person to mate

with a person eugenically unfit than to marry a habitual criminal.

~Nikola Tesla

To conquer by sheer force is becoming harder and harder every day. Defensive is getting continuously the advantage of offensive, as we progress in the satanic science of destruction.

~Nikola Tesla

My ear barely caught signals coming in regular succession which could not have been produced on earth.

~Nikola Tesla

We should begin at the very root from which we spring, we should effect a radical reform in the character of the food.

~Nikola Tesla

Of all things I liked books best. My father had a large library and whenever I could manage I tried to satisfy my passion for reading.

~Nikola Tesla

Fights between individuals, as well as governments and nations, invariably result from misunderstandings in the broadest interpretation of this term.

~Nikola Tesla

Life is and will ever remain an equation incapable of solution, but it contains certain known factors.

~Nikola Tesla

All the great religions contain wise prescriptions relating to the conduct of life, which hold good now as they did when they were promulgated.

~Nikola Tesla

Every effort under compulsion demands a sacrifice of energy. I never

paid such a price.

~Nikola Tesla

Each day we go to our work in the hope of discovering.

~Nikola Tesla

The progressive development of man is vitally dependent on invention.

~Nikola Tesla

Sometimes I feel that by not marrying, I made too great a sacrifice to my work.

~Nikola Tesla

Inventors don't have time for married life.

~Nikola Tesla

I am equally proud of my Serbian origin and my Croatian fatherland.

~Nikola Tesla
