I ended up writing songs by taking stock of all the different events in my life, but all those songs were bad.

~Owen Pallett

Its easy to gauge the worth of a man, just ask them what they think of Yoko Ono.

~Owen Pallett

I desperately want children. I want like four of them. But I will never have them, I mean at least with the current circumstances, living with my boyfriend.

~Owen Pallett

I feel like people who actually know how music works on a technical level need to explain it to the rest of us a little more often.

~Owen Pallett

I wanted to preemptively make myself as available as possible, so it would be impossible for anyone to form the wrong impression and make me uncomfortable with the way they were digesting my music.

~Owen Pallett

I have this weird thing where all the artists that I find myself engaging with the most are the ones that I have a bone to pick with.

~Owen Pallett

Regarding gay and music, I don't actually think my music is particularly gay at all, because my music doesn't have sex with men. My music does not have a gender, I don't see it as being gay.
