There is nothing as dreamy and poetic, nothing as radical, subversive, and psychedelic, as mathematics.

~Paul Lockhart

A good problem is something you don't know how to solve. That's what makes it a good puzzle and a good opportunity.

~Paul Lockhart

It is the story that matters, not just the ending.

~Paul Lockhart

Mental acuity of any kind comes from solving problems yourself, not from being told how to solve them.

~Paul Lockhart

Doing mathematics should always mean finding patterns and crafting beautiful and meaningful explanations.

~Paul Lockhart

Mathematics is not a language, it's an adventure

~Paul Lockhart

Mathematics is the purest of the arts, as well as the most misunderstood.

~Paul Lockhart

I don't see how it's doing society any good to have so many members walking around with vague memories of algebraic formulas and geometric diagrams and clear memories of hating them.

~Paul Lockhart

The only thing I am interested in using mathematics for is to have a good time and to help others do the same.

~Paul Lockhart

[Math] curriculum is obsessed with jargon and nomenclature seemingly for no other purpose than to provide teachers with something to test the students on.

~Paul Lockhart

Mathematicians enjoy thinking about the simplest possible things, and the simplest possible things are imaginary.
