You don't come in here on Sunday with a big banana and expect everything to be peaches.

~Pauly D

My hair didn't even move an inch and I was in and out of the water. My hair's windproof, waterproof, soccerproof, motorcycleproof. I'm not sure if my hair's bulletproof I'm not willin' to try that.

~Pauly D

You gotta stay 'fresh to death,' I call it. Fresh outfit, fresh haircut, fresh tan. Just stay fresh.

~Pauly D

I was born and raised a guido. It's just a lifestyle, it's being Italian, it's representing, family, friends, tanning, gel, everything.

~Pauly D

My girl, the brunette, has an unbelievable ass that you read about.

~Pauly D

The Situation's style is like super obnoxiously aggressive.

~Pauly D

In a weird Snookers world, like me and Snookers would make the best, like, little guidos and guidettes, little poofs and blow-outs on our little kids.

~Pauly D

I'm not trying to fall in love on the Jersey Shore. I'm just trying to hook up.

~Pauly D

There's no way I'm going to Jersey without my hair gel, can't leave without my gel.

~Pauly D

Ronnie's new nickname is IFF. The I'm F*%ked Foundation. He's a client and the president!

~Pauly D

I travel every single day, but I make it a point to hit the gym. I want to look good for the summer.

~Pauly D

I will do Dancing with the Stars when my career dips.

~Pauly D

Being called Angelina is like one of the worst things you could ever be called.

~Pauly D

I heart Jewish girls... oh my God.

~Pauly D

This is the biggest night of my entire life and everybody's career rides on my DJ set

~Pauly D

I love being on tour and having my own tour bus.

~Pauly D

I really love Las Vegas. Its, like, my favorite place to be. I love to DJ out there. It is the place to be as a DJ.

~Pauly D

Before Jersey Shore, I was a DJ struggling to promote, deejaying six nights a week and hustling to pack clubs.

~Pauly D

Miami's like paradise. And I think the beaches are topless. So we're gonna spend a lot of time at the beach.

~Pauly D

Now it's not D.T.F., It's now, diapers, tantrums and formula.
