

Phil Harding Quotes

*Growth, Population, Business, Family, Life, Future, Environmental, Land, Vision,
Love, Choices, Nature, Economics, World, Children, Management, Energy,
Thinking, Economic, Politician*

Without environmental sustainability, economic stability and social cohesion cannot be achieved

~Phil Harding

From dawn to dusk, winter to spring, summer & autumn; the contrasts of nature refresh the mind & renew our sense of balance

~Phil Harding

A sustainable business is resource efficient, respects the environment and is a good neighbour

~Phil Harding

Sustainable energy + food security + healthy environment = full employment + better future.

~Phil Harding

The economic downturn is our wake-up call to slow down, consume less, help each other, & live more!

~Phil Harding

21st Century choice: Look after our planet and it will look after us, or don't and face the consequences

~Phil Harding

It's for management to enthuse & motivate employees towards excellence in service; the profit incentive doesn't last

~Phil Harding

Everybody talks about population growth and its disastrous effect on climate change, food security and resource depletion, but nobody does anything about it

~Phil Harding

A child's smile reminds us that the greatest privilege in life is to know,

help & enjoy the company of others

~Phil Harding

Business and the environment: Wasting resources costs the earth - and lowers your competitive edge

~Phil Harding

The 2013/14 storms & floods show the UK needs to invest in a climate resilient, low carbon, food secure, full employment, positive future

~Phil Harding

Economic growth won't feed a growing population living on this finite planet

~Phil Harding

Destroying green belt agricultural land for immediate economic gain is like burning your children's inheritance to cook a single meal

~Phil Harding

A stable 21st century society requires 21st century solutions not 20th century economics

~Phil Harding

Is it better that we manage population growth responsibly or should we to wait for nature to cull our numbers?

~Phil Harding

The top two ways to destroy success are greed and impatience

~Phil Harding

Low carbon, resource efficient solutions and halting then reversing population growth are two sides of the same coin

~Phil Harding

Influence is getting others to do what you want them to do because they want to do it - a take on Eisenhower's famous leadership statement

~Phil Harding

WHAT IF we all treat other people as we wish to be treated? MORE happiness. LESS selfishness, crime, fraud, hatred, terrorism, wars.

~Phil Harding

To care for the natural world is the most effective insurance policy we can have

~Phil Harding

We can't always control what happens but we can control our response

~Phil Harding

Short term "dash for cash" economic solutions hinder progress towards a better, more sustainable, world

~Phil Harding

No economic measure has more value for a nation than investing in a clean & sustainable low carbon future

~Phil Harding

Success in your life is not a single achievement. It's all that you do with others and for others

~Phil Harding

When politicians & economists understand we live in a finite world & act accordingly then a better future has a chance

~Phil Harding

Living in an orgy of unrestrained consumption and economic growth

accompanied by population expansion that ignores the carrying capacity of local environments will lead to disaster

~Phil Harding

It's better to ask the right questions than accept the status quo

~Phil Harding

What will use more finite resources? That 3rd or 4th child you have or driving a large car? We all need to think about the choices we make

~Phil Harding
