No question that the spotlight on Darfur has, for all intents and purposes, disappeared. And that's deeply problematic, because it hasn't disappeared because Darfur has been solved.

~Rebecca Hamilton

Strikingly consistent across all of the battles in Sudan's history has been a fundamental conflict over what are and what are not seen as legitimate aspects of Sudanese identity.

~Rebecca Hamilton

You have to simplify - there is no other way to reach a mass audience. And you have to feed them evidence of their own success to keep them motivated.

~Rebecca Hamilton

o this idea that we fail to stop these things because there's not awareness about them, or that we need better early warning information, I'm increasingly skeptical of.
