

Rhianna Pratchett

Quotes

*Character, Writing, Games, Thinking, Feelings, Males, Team, Voice, Jobs,
Hero, Reality, Girl, Being There, Winning, Bridges, Support, Pitching, Eye,
Robust, Talking*

In regards to being female, I don't really think about it in the same way that other people do. I prefer to focus on my job rather than my gender. I'm still amazed that people think it's a big deal.

~Rhianna Pratchett

I enjoy co-directing or even being there just for support because you get to see your script come to aural life in front of you.

~Rhianna Pratchett

You can't have bravery without fear...

~Rhianna Pratchett

Games aren't created by writers rocking up to developers saying 'I have this great game story.' It's about establishing relationships and working hand in hand to create something wonderful.

~Rhianna Pratchett

Generally I wouldn't accept work on projects where I didn't agree with the sensibilities behind the main character.

~Rhianna Pratchett

There's always a lot of pressure with big projects and so as a writer you have to be robust and flexible, with a tough hide.

~Rhianna Pratchett

By the time a writer comes onto a project (if they're being hired as a contractor) the main character has usually been designed, as that's always done during a project's pitching stage.

~Rhianna Pratchett

They are very good reasons why voice acting in games can be so terrible. Writers are in a great position to be able to bridge this gap.

~Rhianna Pratchett

Videogames need more women and are too reliant on male, stubble-covered heroes.

~Rhianna Pratchett

I like to make all my characters interesting. Be they male, female or creatures unknown.

~Rhianna Pratchett

There's the underlying feeling that writing must be easy, because it's all about putting letters together. That's only true in the same way that programming is all about putting numbers together.
