

Richard Burr

Quotes

Reality, Real, Way, Sake, People, Terror Attacks, New Orleans, Pollution, Political, North Carolina, Light, Challenges, Priorities, Leader, Climate Change, Country, Able, Energy, Needs, Prayer

A dynamic praying church must be built from the inside out, employing all four levels of prayer: the secret closet, the family altar, small group praying and finally, the congregational setting.

~Richard Burr

Increased funding for the Weatherization Assistance Program is a priority for the Bush Administration, and I am pleased that many families in North Carolina will benefit from this increase.

~Richard Burr

It is critical that we have a comprehensive energy plan to provide affordable and reliable supplies of energy so that our economy will not be dependent on foreign sources of energy.

~Richard Burr

The inconveniences we faced within this state are minor compared to... New Orleans.

~Richard Burr

In the United States Senate, we cannot do great things without reaching across the aisle and working together - and I look forward to the challenges ahead.

~Richard Burr

Climate change is real and humans do contribute to those changes.

~Richard Burr

The best way to reduce emissions and pollution is not through partisan political theater but through developing consensus on areas that will bring about effectual change.

~Richard Burr

The terror attacks of Sept. 11, 2001, changed the way we think about security.

~Richard Burr

I'd love to tell you that something is going to change tomorrow. But the reality is that it won't.

~Richard Burr

No one can get to the Right of me.

~Richard Burr

We must engage in a whole-of-government approach to combat Russian active measures.

~Richard Burr

If there are witnesses the government interviewed who suggest other people were involved or that Tim McVeigh was not involved, those are critical matters that would have to be investigated.

~Richard Burr

This is a limiting factor in the way we have been able to help, ... We need to determine to what extent does an 'emergency declaration' go.

~Richard Burr

We remember Ronald Reagan as a man who maximized his gifts from an unknown to an actor to a Governor to the leader of the Free World.

~Richard Burr
