Responsibility, Beautiful, Democracy*

Finally, the ecological health of the Mississippi River and its economic importance to the many people that make their living or seek their recreation is based on a healthy river system.

~Ron Kind

We believe that economics does not necessarily have to be a zero-sum game; it can be a win-win proposition for everyone involved so long as they have the tools in which to succeed.

~Ron Kind

More important is the fact that embryonic stem cell research could lead to new treatments and cures for the many Americans afflicted with life-threatening and debilitating diseases.

~Ron Kind

In a time of serious budget deficits, immense war costs and a sluggish economy, we cannot afford to grant such outlandish subsidies to some of our Nations largest corporations.

~Ron Kind

The one thing we can do is invest in the quality of education, especially higher education.

~Ron Kind

Judicial review has been a part of our democracy in this constitutional government for over 200 years.

~Ron Kind

Most of the locks and dams on the upper Mississippi River system are over 60 years old and many are in serious need of repair and rehabilitation.

~Ron Kind

We should see the leadership from the White House setting dates

certain for certain goals of achieving greater alliance on alternative and renewable energy sources, but we are not.

~Ron Kind

Technology is driving the innovation. Technology is driving the creativity. Technology and the use of that is going to determine our workers' ability to compete in the 21st century global marketplace.

~Ron Kind

Most of the scientific community believes that for the full potential of embryonic stem cell research to be reached, the number of cell lines readily available to scientists must increase.

~Ron Kind

In addition, the oil royalties the Federal Government does not collect from big oil will starve the Land and Water Conservation Fund of critical financial resources.

~Ron Kind

The single most important factor in determining America's success in the 21st century will be maintaining our ability to be an innovative and creative society.

~Ron Kind

We have seen what the dependence and addiction to foreign oil has done to us economically.

~Ron Kind

Wisconsin is very proud of the career and technical college system that we have back home.

~Ron Kind

I believe that we as the leader of the Free World must provide important leadership on the ethical parameters, the ethical constraints that this

research requires.

~Ron Kind

From its earliest days, stem cell research has been important to the people of Wisconsin.

~Ron Kind

Over the last few years, the world has become a smaller and more integrated place with technology that is leveling the playing field like never before.

~Ron Kind

In the coming year, I believe we can make sure America lives up to its legacy as a land of opportunity if the President is willing to back up his rhetoric with substance.

~Ron Kind
