

S.J. Watson

Quotes

Memories, Eye, Want, Thinking, Trust Me, Abandon, Moments, Pages, Love You, Tests, Together, Wish, Breathing, Abandoned, Believe, Melting, Pushing, Might, Adults, Knows

It's so difficult, isn't it? To see what's going on when you're in the absolute middle of something? It's only with hindsight we can see things for what they are.

~S.J. Watson

I closed my eyes and abandoned myself to my grief. It felt better, somehow, to be helpless. I didn't feel ashamed.

~S.J. Watson

I want him to be happy. And I want you to be happy, too. Even if you can only find that happiness without me.

~S.J. Watson

And then, when there is nothing else between us but love, we can begin to find a way to truly be together.

~S.J. Watson

Whatever enjoyment I might have had at the time would disappear overnight like snow melting on a warm roof.

~S.J. Watson

Do you trust me? The question is usually asked before an admission that such trust is misplaced.

~S.J. Watson

Work. Write. Read. Keep putting words on the page, because that's the only way you'll get better.

~S.J. Watson

There are memories I'd be better off without. Things better lost forever.

~S.J. Watson

â€žIs it possible to both want and not want something at the same time? For desire to ride with fear?

~S.J. Watson

There were never going to be any happy endings for me. I know that now. But that is all right.

~S.J. Watson

With him everything is a test, affection is measured, that given weighed against that which has been received, and the balance, more often than not, disappointing him.

~S.J. Watson

What are we, if not an accumulation of our memories?

~S.J. Watson

I am an adult, but a damaged one.

~S.J. Watson

I wish I hadn't. I wish I'd fought for you. I was weak and stupid.

~S.J. Watson

I will never abandon you. I love you too much.

~S.J. Watson

Thoughts race, as if, in a mind devoid of memory, each idea has too much space to grow and move, to collide with others in a shower of sparks before spinning off into its own distance.

~S.J. Watson
