The backbone of our nation's domestic defense against terrorist attacks will continue to be the men and women in local law enforcement and emergency services.

~Saxby Chambliss

Japan's inexplicable lack of response to even consider a move to re-open their market to U.S. beef will sorely tempt economic trade action against Japan.

~Saxby Chambliss

Im concerned about the cost, just like everybody else. Theres no question that we have an obligation to help the people of Louisiana and Mississippi to rebuild.

~Saxby Chambliss

Saddam Hussein has openly admitted to the rest of the world that he had weapons of mass destruction. He used those weapons to kill his own people.

~Saxby Chambliss

The truth is our country, our people, our liberties, and our way of life are under attack by radical Islamic terrorists who kill and destroy in the name of religion.

~Saxby Chambliss

Intelligence is our first line of defense against terrorism, and we must improve the collection capabilities and analysis of intelligence to protect the security of the United States and its allies.

~Saxby Chambliss

I care more about my country than I do about a 20-year-old pledge.

~Saxby Chambliss

When his nomination comes before the United States Senate, Timothy

Batten can count on my strong support... He is the right person for the job.

~Saxby Chambliss

Let me be clear: There is no stronger advocate for civil liberties in the Senate than myself.

~Saxby Chambliss

This is nothing new. It has proved meritorious because we have gathered significant information on bad guys and only on bad guys over the years.

~Saxby Chambliss

But the thing we do know is whatever it costs to save and protect American lives in this conflict, we're going to spend.

~Saxby Chambliss

The security of the United States, which is so dependent on having accurate and timely intelligence, is not a Republican or a Democratic issue.

~Saxby Chambliss

It's not the function of Congress to do criminal investigations.

~Saxby Chambliss

I never sought to privatize Social Security.

~Saxby Chambliss

First of all, war is a very, very difficult thing to deal with, even on the good days.

~Saxby Chambliss

Congress did not pass last year's 2006 budget proposals. The 2007 budget proposals are very similar, and once again unfairly target

agriculture. I expect Congress to reject them again.

~Saxby Chambliss

The military code of justice sets out exactly what type of charges are available for specific acts.

~Saxby Chambliss

He [Rubio] is so knowledgeable about this issue ... I'm glad to see somebody with his background step forward and say it's important and we need to look at it.

~Saxby Chambliss

I do think that people ought to have some control over their money, rather than the government, just mandating to them how they're going to invest their money.

~Saxby Chambliss

First of all, I don't think that America is truly prepared for a biological or a chemical attack. However, we are moving in the right direction.

~Saxby Chambliss

I believe [filibustering judicial nominees] is in violation of the Constitution

~Saxby Chambliss

I would never filibuster any President's judicial nominee, period. I might vote against them, but I will always see they came to a vote.

~Saxby Chambliss

People ought to have more control over their lives.
