Although, I didnt really like sushi until I moved out to L.A.

~Scott Wolf

My mom does all the grocery shopping.

~Scott Wolf

When I had no work and all this time on my hands, I couldn't get a date. Now that I have women banging on my door, I have no time to answer it.

~Scott Wolf

I'm not planning a career change - not unless they need someone who constantly falls on the ice and is out of breath all the time.

~Scott Wolf

I was always enamored with TV shows and movies. But you didn't grow up in my town and turn into an actor.

~Scott Wolf

There are so many people I would love to work with, like Al Pacino, Paul Newman, Gary Oldman - maybe Tom Cruise. I wanna play his brother in something - so call my agent!

~Scott Wolf

I guess I hit a point while I was in college when I realized I would have to do something with my life!

~Scott Wolf

Actually, I've only been involved with one girl I worked with. It was Alyssa Milano. We didn't actually have an onscreen kiss - we're about to but it gets broken up.

~Scott Wolf

After I finish PO5, I would like to get a dog. I want to be able to spend

more time with my pet, and I don't have the time right now.

~Scott Wolf

But since I'm single, it's nice to get a kiss where I can.

~Scott Wolf

You can't do your work worrying about what people will think of it - you kind of just have to do your work.

~Scott Wolf

We felt like we just got surrounded by this community of friends.

~Scott Wolf

Idolizing is a strong word, though. I'm happy that people respond well to the work I'm doing now. If anyone admires what I'm doing in any way, then I'm really proud of it.

~Scott Wolf

If I could live a parallel life, I would be a sitcom star; being in front of a live audience would be great.

~Scott Wolf

I don't think the way I look at myself has changed.

~Scott Wolf

I see myself as the same person as I was, as I am now.

~Scott Wolf

He said to me, Bailey, things are changing between us. And at first I thought it was true. But the way I see it, Nothing changes until it changes right?
