Japan, Thinking, Believe, Country, Strong, Sea, Years, Important, Change, Exercise, Needs, Issues, Politician, Community, Responsibility, Approval Rating, Alliances, Suits, Experts, Mass Destruction

The future of Japan's economic growth depends on us having the willpower and the courage to sail without hesitation onto the rough seas of global competition.

~Shinzo Abe

I promise to protect Japan's land and sea, and the lives of the Japanese people no matter what.

~Shinzo Abe

I have experienced failure as a politician and for that very reason, I am ready to give everything for Japan.

~Shinzo Abe

The Japan-U.S. alliance is an irreplaceable alliance. And I would like to further consolidate and broaden that alliance.

~Shinzo Abe

I believe it is important that we Japanese write a constitution for ourselves that would reflect the shape of the country we consider desirable in the 21st century.

~Shinzo Abe

For China to continue to enjoy economic prosperity, it needs to foster trusting international relationships, not tensions ... and it is important for China to understand this.

~Shinzo Abe

The Senkaku islands are inherently Japanese territory. I want to show my strong determination to prevent this from changing.

~Shinzo Abe

It is important to explain fully to the local areas with sincerity. We will also think, of course, about the development promotion of the communities.

~Shinzo Abe

It is my belief that politicians should not be stepping into the realm of history. Rather, politicians should be taking a future-oriented perspective.

~Shinzo Abe

There isn't anything anybody wants that is for any other reason than that they think they would feel better in having it.

~Shinzo Abe

In the last five years I used to go to Zen practice once a month, but since I assumed the post of prime minister it's been much harder.

~Shinzo Abe

Efforts to ease regulations and reform the nation's tax system have helped put this self-sustaining recovery on track, The numbers prove our policies have not been wrong.

~Shinzo Abe
