Today, the technology is there to give early and normally ample warning when a powerful tornado approaches. When a tornado strikes, all of us are at risk.

~Spencer Bachus

Ours is an open and accepting society, and has historically provided an avenue for lawful immigration to all those willing to accept the responsibilities of citizenship.

~Spencer Bachus

However, in recent years our nation has seen a sizable influx of illegal immigration that at best highlights some alarming inadequacies and at worst indicates a broken system.

~Spencer Bachus

For 180 years, we voted in English. That is the true American tradition, and this amendment is true to our heritage, not what has existed unnaturally for the last 20 years.

~Spencer Bachus

The completion of the Iraqi cabinet with the appointment of three critical ministers is also confirmation of continued movement toward a just and democratic society in Iraq.

~Spencer Bachus

As the number of available jobs has decreased in border states like Texas, cities halfway across America have begun to see an influx of illegal immigrants in search of employment.

~Spencer Bachus

Immigration in America is a highly polarized issue and there are passionate views on both sides.

~Spencer Bachus

In fact, a University of Connecticut study showed that as many as three in four pre-teens and teens who are exposed to Internet gambling become addicted.

~Spencer Bachus

It is my belief CAFTA will be beneficial for Alabama and the United States as a whole.

~Spencer Bachus

Most illegals are without health insurance, and when these workers need emergency healthcare, the American taxpayer gets stuck with the bill.

~Spencer Bachus

My view is that Washington and the regulators are there to serve the banks.

~Spencer Bachus

Unlicensed illegal immigrants drive on our roads and interstates without insurance, and there is little that our law enforcement officials can do to stop them.

~Spencer Bachus

The elimination of the barbaric terrorist Abu Musab al-Zarqawi is good news for the world.
