

# Steve Largent Quotes

*Sports, Fun, People, Children, Technology, Jobs, Country, Thinking, Careers,  
Games, Phones, Coaches, Taken, Mean, Play, Shadow, Home, Storm, Likes,  
Fire*

We're not necessarily the ski boat, we're the skier. There are countries like Japan and Korea and others who are the ski boat at this point, but we're getting pulled right behind them.

~Steve Largent

I think leadership is more than being able to cross the t's and dot the i's. It's about character and integrity and work ethic.

~Steve Largent

What you see happening right now with some of the consolidation is all about more spectrum and capital formation that give you the scale, scope and resources to invest in that 3G world.

~Steve Largent

There's nothing like playing. You can coach and you can be around the game, but there is nothing like playing. It's just so much fun.

~Steve Largent

I don't have the fire in the belly right now. It's one of those been there, done that deals.

~Steve Largent

Gun control is not the answer to stop crimes committed with firearms.

~Steve Largent

It's still fun to come to games, and it's still fun to be in the Seattle crowd.

~Steve Largent

People are very interested in having access to wireless data while they are on a plane.

~Steve Largent

Life is very good. I'm the president and Chief Executive Officer of the

Wireless trade association, the CTIA.

~Steve Largent

When a child grows up without a father, there is an empty place where someone must stand, providing an example of character and confidence.

~Steve Largent

The things that have taken place over my career have been unbelievable. I have a lot of great moments to cherish.

~Steve Largent

These companies know that at their current size they're not going to be big enough to have the necessary capital, and they don't have enough spectrum to get to the third generation.

~Steve Largent

Sometimes Congress likes to milk an issue.

~Steve Largent

It's hard, or you wouldn't like it. A lot of coaches really don't like what they're doing.

~Steve Largent

When you start thinking about taking pictures, sending an e-mail, receiving an e-mail, speaking into your phone and have it transcript voice into text and then sent as an e-mail, it's mind-boggling.

~Steve Largent

Where is the harm in the wireless industry?

~Steve Largent

A child can escape the shadows.

~Steve Largent

People are very protective of their cell phones, how it's used, where it's used and how much it costs. It has become a very personal issue for a whole lot of people in this country.

~Steve Largent

It sure made me feel good to be here today, and have so many people say so many kind things.

~Steve Largent

It would have been a lot of fun as a receiver to play.

~Steve Largent

I've got a ton of stories about Chuck Knox, ... Over the course of my playing career, there was nobody that I learned to respect and appreciate more than I did Chuck Knox.

~Steve Largent

Steve Jobs was a visionary in the technology and telecom community. His contributions to innovating communications have forever changed our industry and our lives. He will be greatly missed.
