Electronic music right now is in its comfort zone, and it's not moving one inch.

~Thomas Bangalter

If everybody knows all the tricks, it's no more magic.

~Thomas Bangalter

We have always been thinking about different ways to perform electronic music, i.e. music made with machines.

~Thomas Bangalter

It's nice to be able to forget.

~Thomas Bangalter

We like the idea that the things we do seem to come out of nowhere.

~Thomas Bangalter

We come from a generation that wanted to make electronic music accepted, at a time [when] it was not.

~Thomas Bangalter

The show, like everything we have done and still do, is just one more experiment.

~Thomas Bangalter

We're genuinely happy if some musicians of this younger generation are influenced by our music, as we were ourselves influenced 10 years ago by older musicians.

~Thomas Bangalter

Hip-hop has always been exciting and interesting to us.

~Thomas Bangalter

America is a new country, and maybe patriotism helps Americans

create unity, since it is a melting pot. But nationalism in Europe has a strong history, as you may know.

~Thomas Bangalter

The thousands of clips on internet are better to us than any DVD that could have been released.

~Thomas Bangalter

Being nationalistic in France has nothing in common with being patriotic in America.

~Thomas Bangalter

You never know whether something will be good.
