So evidently music was a killer app and is a killer app for computer and the Internet; it just took the tech industry a long time to hear that message.

~Thomas Dolby

The man who never dreams, goes slowly mad.

~Thomas Dolby

It's been over 15 years since I toured... over 12 years since I did any recording under my own name. I never really intended to take that long of a hiatus.

~Thomas Dolby

I've been out on the periphery.

~Thomas Dolby

I was desperate really for people not to accuse me of coldness. It was taboo.

~Thomas Dolby

So a more sensible thing it seemed to me was to go to Silicon Valley and be pushing on the technology companies to accelerate the use of audio and music in computers.

~Thomas Dolby

Etch out the future on your own design.

~Thomas Dolby

Smother me in your hot sauce woman until smoke comes from your thighs.

~Thomas Dolby

The games industry is already bigger than the music industry, and it's mainly directed at teenage boys.

~Thomas Dolby

Well, you know, I mean, I first did my live shows in the late 70's and in those days I had a boatload of equipment that always seemed to be going wrong.

~Thomas Dolby

When the polar ice caps melt, my recording studio will rise up like an ark, and I'll float off into the drowned world like a character from a J.G. Ballard novel.

~Thomas Dolby

She blinded me with science and failed me in geometry.

~Thomas Dolby

I was very pleased to find that once I had records out music videos were starting to happen, so I directed some of my own music videos and got to experiment in other areas of expression.

~Thomas Dolby

It isn't cool to abuse the ability to swing.

~Thomas Dolby

If I were a 13-year-old and I wanted to create subversive art, I wouldn't go out and buy an electric guitar. I'd get myself a personal computer.

~Thomas Dolby

It's poetry in motion, when she turned her tender eyes to me.

~Thomas Dolby

She'd like to model or maybe act or star in a magazine. Before she signs any big contracts, she better learn how to read.

~Thomas Dolby

While I'm impressed with the length of those legs, she's not an intellectual giant.
