The rising cost of prescription drugs has sparked a prairie fire that is spreading across our nation.

~Tim Pawlenty

The only thing growing faster than the federal government's deficit is Chris Matthews' man-crush on Barack Obama.

~Tim Pawlenty

We need to be calling out the flaws and misguided decisions of the Democrats in Congress and the Obama administration.

~Tim Pawlenty

In my address last year, I spoke on the issue of gaming. My preference then is my preference now: to keep gaming within its existing contours, but to explore a better deal for all Minnesotans.

~Tim Pawlenty

A great deal has been said about my commitment not to raise taxes. It's a core value - it's common sense - it's important to keeping and growing jobs - and it's mainstream!

~Tim Pawlenty

The reason that the unions and the other stakeholders have not cut a deal with the automakers is because they believe the federal government is going to bail them out.

~Tim Pawlenty

I do support enhanced interrogation techniques. Obviously their value is shining through with respect to the bin Laden killing.

~Tim Pawlenty

It appears that President Obama is making great progress on climate change, he is changing the political climate in the country back to Republican.

~Tim Pawlenty

Barack Obama's failed us. But look, it's understandable. A lot of people fail at their first job.

~Tim Pawlenty

It's like Tiger Woods' wife, we should take a nine iron to the back windshield of big government spending and smash it out.

~Tim Pawlenty

Having the democrats watch your money is like having Michael Vick watch your dog for the weekend

~Tim Pawlenty

We understand that athletes aren't necessarily role models, but we at least expect them to abide by the basic laws of the state.

~Tim Pawlenty

You can stick a fork in Barack Obama. Politically, he's done. The main way we can screw this up is if we choose the wrong Republican.

~Tim Pawlenty

I give the president credit for at least one thing. He's proven that someone can deserve a Nobel prize less than Al Gore.

~Tim Pawlenty

President Obama said that he designed Obamacare after Romneycare and basically made it Obamneycare.
