The skills you acquire can always be effectively redeployed. You will look back on setbacks and be grateful for the catalyst that came not a moment too soon.

~Tom Freston

Innovation is taking two things that already exist and putting them together in a new way.

~Tom Freston

Only true love can fuel the hard work that awaits you.

~Tom Freston

Authenticity is really important, and sometimes that's really hard to get.

~Tom Freston

Sometimes I just like the feeling of being a minority and seeing how far you can push yourself in extreme circumstances.

~Tom Freston

There's almost nothing that distracts you from your day-to-day problems more than a trip. You're totally consumed in the present, you've got new sense impressions, you've got all this stuff to digest.

~Tom Freston

I think online is a better platform. If you look at the metrics, if you look at the delivery system, if you look at social - all of the things that online can do - TV can't compete.

~Tom Freston

Travel is the best and probably cheapest graduate school you can buy.

~Tom Freston

I have prevented my kids from watching MTV at home. It's not safe for kids.

~Tom Freston

If you look at the Internet, it's been hard for a lot of the traditional media companies to launch viable brands.

~Tom Freston

I've never been fired in my life. From anything. I've never failed at anything I've tried.

~Tom Freston

I always hustled to make money and pay for school. I was never afraid of hard work.
