

Tom Kite Quotes

*Sports, Golf, Giving, Fun, Children, Pressure, League, Luck, Individual, Real,
Bags, Spirit, Nervous, Fields, Rain, Discipline, Medal, Two, Design, Time*

Discipline and concentration are a matter of being interested.

~Tom Kite

Never have a club in your bag that you're afraid to hit.

~Tom Kite

You can always find a distraction if you're looking for one.

~Tom Kite

Give luck a chance to happen.

~Tom Kite

When I woke up Sunday morning at the Open and stepped outside and felt the wind and rain in my face, I knew I had an excellent chance to win if I just took my time and trusted myself.

~Tom Kite

The only thing that relieves pressure is preparation.

~Tom Kite

Fear comes in two packages fear of failure, and sometimes, fear of success.

~Tom Kite

A lot of the bunkering is designed more to save you than it is to penalize you.

~Tom Kite

You can only play one hole at a time.

~Tom Kite

But I'd say that probably 70 percent of the bunkering is more to give you an idea of the direction that you want to go or to save your ball from going into worse places.

~Tom Kite

It's a heck of a lot harder to stay on top than it is to get there.

~Tom Kite

Now the Kids Classic is one of the major fund-raisers for Children's Hospital. Since we started seven years ago, we've raised more than \$1 million for the hospital.

~Tom Kite

The corporate outings were fun, but after doing them for 25 years, they got to be a little old hat.

~Tom Kite

Golf course design is exciting.

~Tom Kite

It is a very positive event, being nervous. It allows you to do great things.

~Tom Kite

I won my tournament. I won the Silver Medal.

~Tom Kite

It's fun to get out in the field. I really enjoy that. It's fun creating.

~Tom Kite

You're always going to have some individual incidents that aren't going to show off the Ryder Cup in the true form and spirit that it was made.

~Tom Kite

It's a piece of property that, if you're going to have a development out here, you need to have a golf course because you need to take care of the effluent water being created by the development.

~Tom Kite
