If left unchecked, global change will create violent conflict, torrential storms, shrinking coastlines, and irreversible catastrophe.

~Valerie Jarrett

Our whole philosophy is one of transparency.

~Valerie Jarrett

Please be assured that as we move along through the implementation of health insurance reform, making sure that we find efficiencies within the existing system, is foremost on the President's mind.

~Valerie Jarrett

FACT: Nothing in Obamacare forces people out of their health plans.

~Valerie Jarrett

The President has been a big proponent of the public option since the campaign.

~Valerie Jarrett

A new era of responsibility is here.

~Valerie Jarrett

President Obama celebrates diversity, yet instinctively seeks common ground and builds on that common ground to make progress.

~Valerie Jarrett

Instead of sitting on the sidelines, President Obama has made it clear that the US is ready to lead a global effort to combat climate change.

~Valerie Jarrett

My goal in the new administration is to engage all of the stakeholders, everyone who can help us meet the challenges of the 21st century, and ensure that we work together.

~Valerie Jarrett

Financial regulatory reform is one of the top legislative priorities of the Obama Administration.

~Valerie Jarrett

It is outrageous that at this time in our country, women are still not paid as much as men.

~Valerie Jarrett

The world is changing very quickly and we can't wait another 50 years!

~Valerie Jarrett

Given the daunting challenges that we face, it's important that president elect Obama is prepared to really take power and begin to rule day one.

~Valerie Jarrett

I think that in a country as successful as ours, we still have a long way to go in terms of parity for women, whether it's equal pay in the workforce or a whole host of other issues.

~Valerie Jarrett

One of the major goals of health insurance reform is to bring down the cost.

~Valerie Jarrett

For those that are working part time, in small businesses, or who are unemployed and do not currently have health insurance, we want to make sure that you are covered.

~Valerie Jarrett

I think, traditionally, when the federal government has gathered statistics, it's been done in silos, so every agency really focuses on the statistics that are important to agency.

~Valerie Jarrett

Put yourself in the path of lightning.

~Valerie Jarrett

We have to think creatively about changes that need to be made in the workplace to accommodate the growing demands on the work force.

~Valerie Jarrett

American people aren't interested in the procedural analysis. What they want is an up and down vote. They deserve an up and down vote on health care.

~Valerie Jarrett

The whole issue of healthcare is very complicated. There have been seven Presidents who've tried to get healthcare reform passed.

~Valerie Jarrett

No one will be forced to take the public option. The word option means choice.

~Valerie Jarrett
