## Quotes

*Intelligent, Design, Atheist, People, Views, Christian, Believe, Christ, Philosophy, Use, Opportunity, Political, Religious, Reality, Serendipity, Evolution, Government, Discipline, Deny, Way*

Government has a legitimate sphere of operation. The problem arises when that sphere continually expands, encompassing areas where government lacks legitimacy.

~William A. Dembski

The atheist is cheating whenever he makes a moral judgment, acting as though it has an objective reference, when his philosophy in fact precludes it.

~William A. Dembski

Intelligent design is just the Logos theology of John's Gospel restated in the idiom of information theory.

~William A. Dembski

There is an immediate payoff to intelligent design: it destroys the atheistic legacy of Darwinian evolution. Intelligent design makes it impossible to be an intellectually fulfilled atheist.

~William A. Dembski

As far as design theorists are concerned, theistic evolution is American evangelicalism's ill-conceived accommodation to Darwinism .

~William A. Dembski

The world is a mirror representing the divine life.

~William A. Dembski

Any view of the sciences that leaves Christ out of the picture must be seen as fundamentally deficient.

~William A. Dembski

In God becoming human in Jesus Christ, God has established solidarity with the human condition.

~William A. Dembski

Wrong people are wrong not because of their faults but because of their presumed virtues.

~William A. Dembski

Design theorists are no friends of theistic evolution.

~William A. Dembski

What I propose, then, is a strategy for interrogating the Darwinists to, as it were, squeeze the truth out of them.

~William A. Dembski

I believe God created the world for a purpose. The Designer of intelligent design is, ultimately, the Christian God.

~William A. Dembski

Wrong people are wrong because they use their freedom to deny it to others.

~William A. Dembski

Christ is indispensable to any scientific theory, even if its practitioners do not have a clue about him.

~William A. Dembski

As long as the wrong people hold power, how can the right political climate even arise?

~William A. Dembski

Because government has tremendous power, it attracts people who are eager to game the system, obtaining by force of law what they could never achieve through consensus.

~William A. Dembski

As a biblical inerrantist, I believe that what the Bible teaches is true and bow to the text, including its teaching about the Flood and its

universality.

~William A. Dembski

Without a unified political climate of opinion, there is little or no political profit in doing the right thing.

~William A. Dembski

If you have no authority to legislate my freedoms, then I'm truly free, at least from you.

~William A. Dembski

Intelligent design, unlike creationism, is a science in its own right and can stand on its own feet.

~William A. Dembski

My thesis is that all disciplines find their completion in Christ and cannot be properly understood apart from Christ.

~William A. Dembski

Precisely because intelligent design does not turn the study of biological origins into a Bible-science controversy, intelligent design is a position around which Christians of all stripes can unite.

~William A. Dembski

Intelligent Design opens the whole possibility of us being created in the image of a benevolent God.

~William A. Dembski

Virtually every discipline and endeavor is presently under a naturalistic pall.

~William A. Dembski

Because we don't see the evil destroyed now and thus experience the suffering that evil inevitably inflicts, we are tempted to doubt God's

existence and goodness.

~William A. Dembski
