## Quotes

*Kids, Book, Stories, Germany, War, Europe, People, Matter, Office, Dream, Men, Math, Trying, Car, Children, Would Be, Unhappy, Joy, Littles, Powerful*

To understand pretending is to conquer all barriers of time and space.

~William Joyce

The people of England will curse themselves for having preferred ruin from Churchill to peace from Hitler.

~William Joyce

The first book I ever wrote was in fourth grade and it was called 'Billy's Booger.' It was an autobiographical piece about a kid who was really bad at math.

~William Joyce

But if you really love to write and you really love to tell stories and you really love to draw, you just have to keep doing it no matter what anybody says.

~William Joyce

I don't regard Jews as a class. I regard them as a privileged misfortune.

~William Joyce

I have known lots of adults who enjoyed similar enthusiasms as a kid and weren't encouraged and then didn't go anywhere with it and so they're unhappy in their jobs as adults.

~William Joyce

I like stirring things up. Im on the side of the kids more than I am on the adults. And occasionally I find some adults that have that same mischievous streak, so I dont get in too much trouble.

~William Joyce

you know, a daydream properly utilized can be the most powerful force in the universe. One need only dream of freedom to begin to break the spell of enslavement.

~William Joyce

Apart from my absolute belief in National Socialism and my conviction of Hitler's superhuman heroism, I had always been attracted to Germany.

~William Joyce

His life was a book of his own writing, one orderly page after another.

~William Joyce

I did not win and in fact I was called into the principal's office for a consultation with my parents. But that was the beginning of my literary career.

~William Joyce

Their toys are alive and can sometimes come to their aid, or get lost and Olie has to find them. They go to other planets. They go to the ice cream planet.

~William Joyce

And they're also very good at math, these super boogers, and so they teach Billy the ways of mathematics.

~William Joyce

Almost everything in 'A Day With Wilbur Robinson' has some basis in truth. And yes, my sister did pay me to feed her grapes while she talked to her boyfriend on the phone.

~William Joyce

I've always liked getting away with just a little bit of what you're not supposed to. Like my first book, Billy's Booger, got me in trouble with the principal's office.

~William Joyce

If war breaks out, I will fight for Hitler since such a war would be against Jewry.

~William Joyce

But evil is a cunning force. It can find the weakness in any man, even the bravest. [...] It only takes a single weak moment to let evil in.

~William Joyce

Germany calling! Germany Calling!

~William Joyce

The possibilities were endless. Battles would be fought. Wonders revealed. Many journeys. Many lands. Many joys. Many sorrows. But stories all...

~William Joyce

I say, Ich liebe Deutschland! Heil Hitler! and farewell.

~William Joyce

You know, I hate to give advice because my life has been so odd that almost nothing that's happened to me can apply.

~William Joyce

And I was lucky enough to have teachers that really, really looked out for me and really encouraged all that. And in rural Louisiana, that was a rare thing back then.

~William Joyce

Life is made up of danger and heartbreak, I laugh in the face of both!

~William Joyce

If you really want to tell stories, do it and don't be dissuaded.

~William Joyce

Everyone's story matters.

~William Joyce
